UTILITY RELOCATION ON STATE ROUTE 30 WILL CLOSE LANE FOR 210 PROJECT

RIALTO – The California Department of Transportation (Caltrans) will close the westbound right lane on State Route 30 (Highland Avenue) between Acacia and Riverside Avenue from Saturday, June 12, 2004 at 5:00 a.m. to Monday, June 14, 2004 at 5:00 a.m. for utility relocation.

The utility relocation work is being performed by a contractor for the West Valley Water District and the City of Rialto. This work is necessary to meet Caltrans requirements as part of the ongoing project to construct the new 210 freeway. The contractor will work 24-hour shifts during the closure to reduce any inconvenience to motorists.

Motorists are advised to plan their commute and make arrangements for other routes during this closure. Your patience is appreciated during this construction project. Keep alert, pay attention and watch for irresponsible drivers when entering a highway work zone. Please slow for the cone zone.
